

Operation and Installation Manual

Thank you for purchasing Midea products. Please read this manual carefully before use and keep it properly.

Overview

Basic function: indoor lighting

Applicable scenarios: Mail hall, Hotel, Store, Indoor house, Office, Exhibition hall and so on.

⚠ Safety Precautions

To prevent accidents such as damage, fall-off, electric shock, or fire that threaten personal safety, install and use the lamp in strict accordance with the manual. Do not alter or replace any lamp components without authorization.

- The power supply must be within the rated voltage;
(If the lamp works at voltages outside of range for a long time, it may be damaged.)
- Do not install the lamp in a tilted and unstable ceiling or other similar places.
(This lamp is for ceiling mount only.)
- Do not install the lamp on any object with high temperature or in a moist location.
(To prevent damage, do not install the lamp over stoves, gas, discharge pipes, etc.)
- Do not use the lamp in parallel with the dimmer.
(When being used in parallel with a dimmer or a similar device, it may cause a failure.)
- Ask a specialized technician to check or repair the lamp.
(Operations performed by a non-professional staff may cause danger.)
- In case of exception, cut off the power supply immediately and contact the sales store.
(Provide the model for maintenance. Refer to the label attached to the lamp body.)
- The light source of this luminaire is not replaceable; when the light source reaches its end of life the whole luminaire shall be replaced.
- If the external flexible cable or cord of this luminaire is damaged, it shall be exclusively replaced by the manufacturer or his service agent or a similar qualified person in order to avoid a hazard.

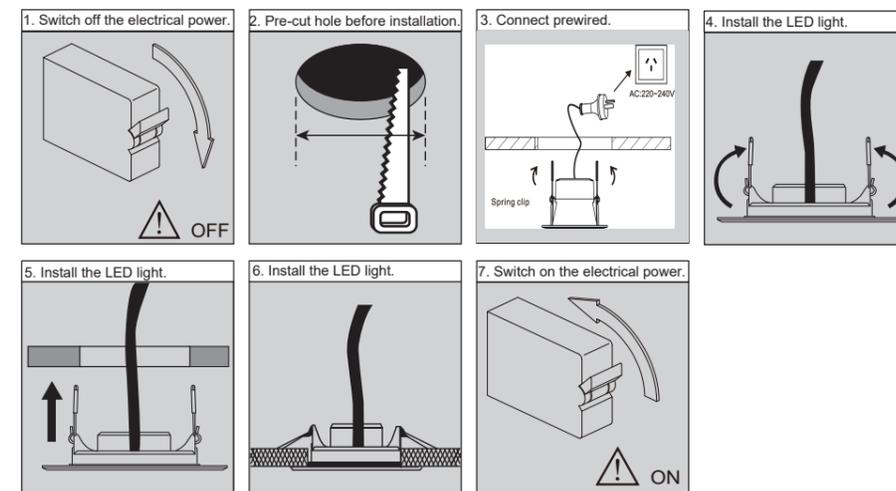

Luminaires not suitable for covering with thermally insulating or other material.

Date	Maintenance Record	Signature

Thank you for purchasing Midea products.

The warranty for the light source and electronic parts lasts for two years following the purchase date. The warranty does not cover plastic parts.

Warranty and services:

Within one year from the date of purchase, in case of any damage due to the manufacturing process or component, Midea's sales store will provide free repair service to the holder of the warrant card with the purchase certificate and replace the component or the entire product (light source excluded) if necessary.

Warranty rules:

The following are not covered by warranty:

1. Damage due to improper use, for example, connection to an improper power supply, use of an inappropriate accessory, incorrect installation, use not in accordance with the Manual, incorrect use, or carelessness. Damage due to transportation or other unexpected incidents. Damage due to unauthorized maintenance or modification of the product. Damage due to other force majeure (such as natural disasters, abnormal voltage, etc.)
2. Damage due to use other than for household use.
3. Aging and wear of the product during use, which do not affect the normal use of the product.
